XIV-Sexual Harassment Policy

TOWN OF CORINTH SEXUAL HARASSMENT POLICY STATEMENT

The United States Equal Employment Opportunity Commission (EEOC) on September 23, 1980 amended its guidelines on sex discrimination to establish the fact that sexual harassment is a violation of Title VII of the Civil Rights Act of 1964. Town of Corinth is committed to a policy that sexual harassment constitutes illegal behavior and is prohibited in any and every work place in which Town employees are required to conduct business.

Under EEOC Guidelines, unwelcomed sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to the conduct is either an implicit term or condition of employment, or (2) submission to or rejection of the conduct is used as a basis for an employment decision affecting the person's rejecting or submitting to the conduct, or (3) the conduct has the purpose or effect of unreasonably interfering with an affected person's work performance or creating an intimidating, hostile or offensive work environment.

The EEOC Guidelines hold employers accountable for sexual harassing conduct by (1) supervisory personnel, (2) between fellow employees, and even by non-employees (for example persons delivering goods) where the employer "knows or should have known" of such conduct.

Town of Corinth recognizes sexual harassment as a form of employee misconduct, and provides affected employees with rights of redress and compliant resolution channels for incidents of sexual harassment. Complaints which cannot be resolved between the involved parties should be recorded by the victim of sexual harassment, and presented in writing to (1) supervisory personnel, (2) Department Heads and (3) the Town Supervisor, in successive order. Complaints may also be made to either the New York State Human Rights Division or the United States Equal Employment Opportunity Commission.

The Town Attorney will conduct swift and thorough investigations of all unresolved allegations of sexual harassment including follow-up reports, and will enforce appropriate sanctions including disciplinary action against employees engaging in sexual harassment.

Training for appropriate staff in each department shall be given on the identification of sexual harassment how to process complaints, and the role and responsibility of supervisory personnel in the prevention of sexual harassing incidents.

Town of Corinth is committed to a working environment free from sexual harassment and its effects. This policy shall be distributed to all Town departments for posting in a common location within such areas.

XV – INTERNET POLICY

Effective January 1, 2002 the Town of Corinth hereby adopts a policy entitled, “Use of Technology and Internet Policy”. A copy of said policy is on file in the Town Clerk’s Office.

USE OF TECHNOLOGY AND THE INTERNET POLICY

Town of Corinth's technical resources – including desktop and portable computer systems, fax machines, Internet and World Wide Web (Web) access, voice mail, and electronic mail (e-mail) enable employees to quickly and efficiently access and exchange information throughout the Town and around the world. When used properly, we believe these resources greatly enhance employee productivity and knowledge. In many respects, these new tools are similar to other Town tools, such as stationery, file cabinets, photocopiers and telephones. Because these technologies are both new and rapidly changing, it is important to explain how they fit within the Town and within your responsibilities as an employee.

This policy applies to all technical resources that are owned or leased by the Town of Corinth that are used on or accessed from Town premises, or that are used on Town business. This policy also applies to all activities using any Town of Corinth paid accounts, subscriptions or other technical services, such as Internet and Web access, voice mail and e-mail, whether or not the activities are conducted from Town premises.

Note: As you use the Town's technical resources, it is important to remember the nature of the information created and stored. Because they seem informal, e-mail messages are sometimes offhand, like a conversation, and not as carefully thought out as a letter or memorandum. Like any other document, an e-mail message or other computer information can later be used to indicate what an employee knew or felt. You should keep this in mind when creating e-mail messages and other documents. Even after you delete e-mail messages or close a computer session, it may still be recoverable and may even remain on the system.

Acceptable Uses

The Town's technical resources are provided for the benefit of the Town, its vendors and suppliers. These resources are provided for use in the pursuit of Town business and are to be reviewed, monitored and used only for that purpose, except as otherwise provided in this policy.

Employees are otherwise permitted to use the Town's technical resources for occasional, non-work purposes during lunch hours, breaks, after work for a reasonable amount of time, not to exceed 30 minutes, and with permission of the Town Supervisor. Nevertheless, employees have no right of privacy as to any information or file maintained in or on the Town's property or transmitted or stored through the Town's computer, voice mail, e-mail or telephone systems.

Unacceptable Uses

The Town's technical resources should not be used for personal gain or the advancement of individual views. Employees who wish to express personal opinions on the Internet are encouraged to obtain a personal account with a commercial Internet service provider and to access the Internet without using the Town's resources.

Solicitation for any non-Town business or activities using Town resources is strictly prohibited. Your use of the Town's technical resources must not interfere with your productivity, the productivity of any other employee, or the operation of the Town's technical resources. Employees may not play games on the Town's computers and other technical resources.

Revised January 1, 2014

All e-mail and other documents produced on Town equipment are the property of the Town of Corinth. Like other Town communications, staff e-mail messages should be professional and courteous in tone. A communication that violates the Town's anti-harassment and anti-discrimination policies, demeans others, or would be otherwise offensive to a reasonable person, is prohibited.

You may not send e-mail or other communications that either mask your identity or indicate that they were sent by someone else.

You may not access any technical resources using another employee's password.

You may access the libraries, files, data programs and directories that are related to your work duties.

Unauthorized review, duplication, dissemination, removal, installation, damage or alteration of files, passwords, computer systems or programs or other property of the Town, or improper use of information, if obtained by unauthorized means, is strictly prohibited.

Sending, saving, or viewing offensive material is prohibited. Messages or material downloaded, stored or transmitted by computer, voice mail, e-mail, or telephone systems may not contain content that may be reasonably considered offensive to any employee or that violates the Town's anti-harassment and anti-discrimination policies. Offensive material includes, but is not limited to, sexual comments, jokes or images; racial slurs; gender-specific comments; any comments, jokes or images that would offend someone on the basis of race, color, creed, sex, age, national origin or ancestry, physical or mental disability, veteran status, marital status, or any other category protected by federal, state, or local laws. Any use of the Internet or World Wide Web to harass or discriminate is unlawful and strictly prohibited by the Town. Violators will be subject to discipline, up to and including discharge.

The Town of Corinth does not consider conduct in violation of this policy to be within the course and scope of employment or the direct consequence of the discharge of one's duties. Accordingly, to the extent permitted by law, the Town reserves the right not to provide a defense or pay damages assessed against employees for conduct in violation of this policy.

Town technical resources may not be used for any illegal purposes. The Town of Corinth will cooperate fully with Law Enforcement Agencies to investigate any potential illegal activities.

Access to Information

The Town of Corinth asks you to keep in mind that when you are using the Town's computers you are creating Town documents using a Town asset. The Town respects the individual privacy of its employees. However, that privacy does not extend to an employee's work-related conduct or to the use of Town-provided technical resources or supplies.

Electronic information created and/or communicated by an employee using Town tools, such as software, Internet and World Wide Web access, voice mail, telephones, faxes and e-mail, will be monitored by the Town.

Please keep in mind the following:

The Town monitors the performance, usage and cost-effectiveness of its technical resources and periodically gathers information such as the number, frequency, time of day and duration of calls or Internet/Web visit.

The Town may, at its discretion, review any employee's electronic files and messages as well as the content and volume of usage.

Revised January 1, 2014

Remember that your electronic communications and files are neither private nor confidential. They may be read by others within the Town and outside it without first obtaining your permission. If there is information that you do not want to be available to others, you should send that information in other ways.

Copyrighted Material

Copyrighted material (such as software, database files, documentation, articles, graphics files, downloaded information) may not be copied or distributed through the e-mail system or by any other means without confirmed advance permission from an appropriate source. Failure to observe a copyright may result in disciplinary action by the Town as well as legal actions by the copyright owner. Any questions concerning these rights should be directed to your Department Head.

Confidential Information

E-mail and access to the Internet/web are not secure and may be monitored by sources outside the Town for legitimate or non-legitimate reasons. For example, Internet sites maintain logs of visits by web users, identifying what company and/or person accessed the service. If your work requires a higher level of security, please contact your Department Head for guidance.

All employees should be diligent in safeguarding the Town's confidential information, as well as that of fellow-employees and others, from disclosure. Do not access new voice mail or e-mail messages with others present. Messages containing confidential information should not be left visible while you are away from your work area. Computers should not be left unattended while the employee is out of the office and out of sight.

E-mail messages containing confidential information should include the following statement, in all capital letters, at the top of the message:

CONFIDENTIAL: UNAUTHORIZED USE OR DISCLOSURE IS STRICTLY PROHIBITED.

Security of Information

Although access to computer, voice mail and e-mail systems is protected by individual passwords, these technical resources belong to the Town of Corinth. They must be accessible at all times by the Town of Corinth and subject to inspections by the Town with or without notice. The Town may override any applicable passwords or codes to inspect, investigate or search an employee's files and messages. All passwords must be provided to Department Heads so that in emergency situations the Town will have access to all information.

However, passwords should never be provided to other employees or anyone outside the Town Hall and it is forbidden to access any technical resource using another employee's password.

In order to facilitate the Town's access to information on its technical resources, you may not encrypt or encode any voice mail or e-mail communications or any other files or data stored or exchanged on Town systems without the express prior written permission from the Town Supervisor and your Department Head. As part of this approval, the Town Supervisor will indicate a procedure for you to deposit any password, encryption key or code, or software with the Department Head so that the encrypted or encoded information can be accessed in your absence.

Revised January 1, 2014

IX WORKPLACE VIOLENCE POLICY

1. Purpose

To define the policy of the Town Of Corinth that all employees have the right to work in an environment free from physical violence, threats and intimidation.

Threat: the expression of intent to cause physical or mental harm. Such an expression constitutes a threat without regard to whether the person communicating the threat has the ability to carry it out, and without regard to whether the threat is made on a present, conditional or future basis. In determining whether the conduct constitutes a threat, including whether the action causes a reasonable apprehension of harm, the Town will consider the totality of the circumstances.

- 3.4 **Reasonable suspicion:** the degree of knowledge sufficient to induce an ordinarily prudent and cautious person to believe that the circumstances being presented are more likely to be true than not. Reasonable suspicion must be based on an articulatory, specific and objective basis and may include direct observation, or information received from a source believed to be reliable.

- 3.6 **Possession:** includes but is not limited to, the presence of a weapon on the employee, in his/her motor vehicle, desk, lunch box, toolkit, bag, purse, cabinets, office, etc.

4. Weapons

Despite laws which provide for permits allowing individuals to carry concealed handguns (New York State Penal Law Article 400), it is the Town's policy to prohibit the possession of all weapons, including handgun, on property owned, operated or under the control of the Town. Weapons of any kind are prohibited in the workplace. The only exceptions to this prohibition are as follows:

Firearms used for instructional or Town-sanctioned ceremonial purposes.

- 5.6 Engaging in violence or threats of violence.

6. Notification and Reporting

All Town personnel are responsible for notifying the contact person designated below of any threats or violence that they witness or receive or that they are told another person witnessed or received. Even without a specific threat, all employees should report any behavior they have witnessed that they regard potentially threatening or violent or which could endanger the health or safety of an employee when the behavior might be or has been carried out on a Town-controlled site or is connected to Town employment or Town business. Employees are responsible for making this report regardless of the relationship between the individual who initiated the threatening behavior and the person or persons being threatened.

7. Restraining and Protective Orders

An employee who applies for or obtains a protective or restraining order that lists Town properties as protected areas must provide to the designated contact person listed below a copy of the petition and declarations used to seek the order and a copy of any temporary or permanent protective or restraining order that was granted.

8 Confidentiality

The Town understands the sensitivity of the information requested and has developed confidentiality procedures that recognize and respect the privacy of the reporting employee. Note that we cannot promise absolute confidentiality because we may have to report this to a law enforcement agency, other governmental agency, etc. However, we will maintain the anonymity of the reporting employee when at all possible.

9. Town Response to Threats and Violence.

In the event a complaint or concern arises with regard to compliance with this policy, the Town will promptly conduct an investigation to determine the validity of the complaint and what, if any, corrective action should be taken to resolve the matter and promote a violence-free workplace.

Depending on the seriousness of the allegation(s) and other factors that the Town deems relevant, such as security concerns potential disruptions, etc., any person who makes threats, exhibits threatening behavior, or engages in violent acts on Town property shall be removed from the premises as quickly as safety permits and shall remain off Town premises pending the outcome of an investigation.

Following investigation which indicates this policy was violated, the Town will initiate an immediate and appropriate response. This response may include, but is not limited to, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment and/or criminal prosecution of the person or persons involved. Other corrective action might include: coaching, mediation, other disciplinary action, transfer or demotion, reaffirmation of the policy, individualized or group training, etc.

10. Retaliation.

The Town Of Corinth respects the right of employees to raise concerns regarding violent activities and cooperate with necessary investigations. Retaliation against employees who report violence or participate in investigations is strictly prohibited. "Retaliation" is broadly construed. It includes not only overt retribution, but also acts such as refusal to communicate or cooperate regarding work related matters, withholding information or assistance needed to perform one's job, more closely scrutinizing and employee's work performance, etc.

An employee who feels (s)he has been retaliated against for reporting violence or participating in an investigation should promptly report the retaliation to his/her immediate supervisor. If the employee, for any reason, feels uncomfortable reporting the alleged retaliation to his/her immediate

supervisor, the employee may report to the Department Head or the Human Resources Director.

11.Coverage.

The Town at its discretion may from time to time modify this policy. In the event the policy is revised, a copy of the revised policy will be provided to each employee.

Supervisor Lucia gave the following State of Town Address:

STATE OF THE TOWN

January 7, 2016

I would like to begin by thanking the voters, of Corinth, New York, for allowing me to get sworn into office, this afternoon, as your Town Supervisor, for my twelfth consecutive term. It is an honor and also humbles me to be the longest running Supervisor in Corinth, Thank you again for your confidence.

Starting off with the budget for 2016, with all the state mandates, the Tax Cap, and the Tax Cap freeze numbers, it is getting extremely difficult to maintain a town tax rate. We are very fortunate for about the ninth year, to maintain our tax rate at \$1.532334 cents per thousand.

Our mandated cap was .073 percent increase for the 2016 budget. Which after the math, we are allowed to raise our tax levy, across the board, \$20,389.00. To start out with, the town portion of the contracted fire contract with the Village went up 20,000 for 2016.

As far as other special districts are concerned, the fire district goes up 12 cents a thousand; The highway Department went up 4 cents a thousand, The General Town Outside the Village went down 13 cents a thousand.

All lighting districts went down per thousand, according to size of the district.

All water districts on the tax bills have now become reserve funds for repairs and improvement to the various districts. The Village is doing new infrastructure on the water and waste treatment that may cause future water bills from the town to increase at least 3 times. We get water from the village for our water districts, and are bound to pay whatever fee they charge to outside users. The village sets our water

district fees, and we have to add a small amount to cover repairs and expansion.

There is a 2 % cost of living built into the budget for town employees.

Our medical insurance has gone up 11 % this year. We have 80/20 for two person and Family policies, and up until this have not charged a single person employee. That changes as of this year as single employees will have to pay 5% of their Insurance for the first time.

We are counting on our estimated revenues to come through in 2016, also with the caps and mandates, and some cutbacks; we have used a good portion of our unexpended balances, to balance this year's budget. Depending on the total financial situation in 2016, we may not be able to continue in this fashion.

I want to thank the department heads and the employees for doing their part in helping to keep spending down; it is greatly appreciated by us and benefits the taxpayers.

I want to reaffirm that that January 16, 2016 is Vivienne Rosenbrock Day in Corinth, and we encourage random acts of kindness given that day in her memory.

Several New Vehicles were purchased through lease to own programs for town use. A new 2015 F250 four wheel drive truck, for use at the Town Hall maintenance Department, a new 2015 Dodge 5500 dump truck with plow for highway,

Mrs. Marilyn O.Neill was appointed Adult Recreation program director for the evening basketball, walking, and weight lifting programs. Mr. Craig Falkenbury is the Corinth Youth Director.

Derek Briner, Ems Paramedic for Town Of Corinth Jessup's Landing EMS Squad was named, First Responder for the Agency.

The County Recycling Center, on our Landfill property has been converted to a one bin for all recyclables now, except for metals. It is now run by the Town of Corinth, and the Personnel there, are doing an excellent job managing it. Thanks for your commitment Landfill Folks.

Mr. George Spieldenner was honored at the Town Hall and at the Saratoga County Monthly Deceased Veterans Program in March. The Town Board was pleased to honor Ms. Lisa Meade, from Corinth Central School, after she was named Middle School Principal of the year. We are proud to have her watching over our school and our children.

Issues that remain on our workshop agendas; Invasive Species, in and around the water bodies in the town, Possibility of truck traffic happening over Wilton mountain, bringing easier access to our IP Industrial site and other developable sites in our Town and Village, and the State owned land on the Mountain located in our Township, Town Village new Water Districts along with other matters.

Village Trustee Melanie Denno, and Don Rhodes from the Laberge Group made a presentation to the Town Board about the Town Board establishing a new water district of the 239 parcels in town that now get water and are not in a district. This would probably happen in 2017 or later. More meetings will be forthcoming with both boards. Mayor Morreale and I keep in close contact about issues, so we may keep each other up to date and how to help each other with shared services.

Extensive work has been done at the EMS building, upgrading the IT infrastructure, and equipment and the Town Hall on upgrading computer systems and phone technology,

Another very successful Town of Corinth Youth fun was held, with over 80 Bikes, donated by local businesses and individuals, This event could not be held successfully without the cooperation and aid from The Village of Corinth, The Corinth Fire Department, The Town Of Corinth EMS, and many, many devoted volunteers, like Gary Williams, Craig Falkenbury, Lou Somma, Councilman Byrnes, Dave Crandall, Mark Deuel, Zen Baudoux, Bill Shippee & Rose Farr. These folks are upfront doing the bulk of the leg work to pull this off, even though there many others that work the whole day, setting up, working, and tearing down. We appreciate every single one of you, whatever you do to help.

The International Paper Company subdivided their Mill Property so the landfills and vacant lands are left in the Town. This makes the remaining property that is in the village much more business friendly, since a buyer no longer has to accept the bond on the landfills to do business on the main site. Indeed there several interested inquiries after this happened. Maybe 2016 will bring some jobs back to the area.

The Depot Project is slowly moving along, and is ready to put the Platform/ Pavilion in as the first step of the whole Project. Thanks to Matt Rogers for his work, and Wayne Lamothe, from Warren County Planning, and, The First Wilderness Group, for his help.

Councilman Collura and Mrs. Beverly Jacon made and sent out to 10 different wood entities inviting them to check out the IP Site for their Business Ventures.

Rich Reuther, The Ems Director, is working more closely with the town board on day to day operations of the organization. He also comes once a month to give the Board a monthly report on all

activities. We have three full time paramedics, Barney Gille, Andre Delvaux, and Derek Briner, that each are in charge of different operations at the building, and are also doing a fine job of Safety Coverage for Our agency. Also Thanks to all the medics that work part time filling our schedules. A huge shout out to the volunteers, giving up their time, to complete our organization.

A new walkway was laid, along with a new stone base and planter for the sign honoring our hometown heroes, now serving in the military, and a park bench to sit and read the names, complete with plantings.
