

**TOWN OF CORINTH  
600 PALMER AVENUE  
CORINTH, NEW YORK  
12822**

**HOPEFULLY THE LAST IRENE UPDATE FOR CORINTH**

**This afternoon we participated in the last national grid update for our area. Corinth is now back to 100% power.**

**If you do know of someone that has not been restored, have someone call 1-800 -867-5222, for them and that will get them on the repair list.**

**The community of Corinth was truly blessed with very minimal destruction, making us unhappy yes, but look at our neighbors all around us, including Vermont and see how fortunate we really are.**

**I want to take this time again to thank our local Fireman, Jessup's EMS, Sheriff's Department, our own Emergency Management Chairs, Charles Brown and Sue Winslow for staying on top of everything, The Mayor, Excellent Service from our Highway crews, Saratoga County Emergency Department, and the many volunteers who helped and those who were on standby to help.**

**Special thanks to, National Grid for importing so many crews to get everything back as soon as possible, and briefing all the towns and counties with several updates and Q & A 's a day.**

**God Bless Corinth New York , and have a safe Holiday weekend.**

**Sincerely,  
Richard B. Lucia  
Supervisor**
